The site plan illustrates the proposed development at 10000 Highway 101. The plan shows a large, irregularly shaped lot outlined in red. Within this lot, there are several building footprints, including a large central building with a red roof section, and several smaller buildings. The buildings are surrounded by extensive landscaping, including numerous trees (represented by green circles) and shrubs. A parking lot is located to the right of the central building. The plan also shows the surrounding context, including Highway 101 to the north and the 'Cafontaine' street name visible on the right side. A north arrow is located in the bottom right corner of the plan.
